New Australian Distributor Announced

ROBE lighting s.r.o. is delighted to announce the appointment of Jands as the Australian and New Zealand distributor for ROBE and Anolis lighting brands.

Jands is an Australian owned company founded in 1970 that manufactures and distributes some the world's most recognised lighting, audio and staging products primarily for the entertainment and exhibition industry.

With headquarters and manufacturing facilities in Sydney, a factory in Melbourne and offices in Brisbane and Perth, Jands employs over 120 people across Australia and is ideally located to deliver the superlative service for which they are renowned.

Jands also has an excellent international reputation and worldwide industry recognition for its award-winning range of lighting consoles, among other products.

Jands can be contacted locally on (02) 9582 0909.

For our Australian customers who have been actively designing orders with our past distributor, your orders should still be finalised through that company.

Customers who do not have orders "in the pipeline" with the past distributor should contact Jands for all their needs.
